ABOUT US

Trust is not a thing to be found in a slick ad, or on a store shelf. It runs deeper than that. Trust is about relationships, and relationships take time. We know; we've been building relationships with equine professionals, one-on-one, for three generations. We know what you expect from us. It's why we introduced the Horse Logic Professional™ line of products.

Horses are your business. When it comes to nutritional supplements to keep your horses in top form, you want to be certain you've put your money in the right place. That's simple logic. Horseman's logic. The kind of logic that says the science of horse nutrition ought to be about bringing out the best in every animal under your care.

BULK PRODUCTS

CALMINGPRO Pellets

Promotes relaxation and reduces hyperactivity. Helps nervous, high-strung, or muscle-tight horses.

CalmingPRO uses premium quality magnesium to maximize bioavailability, and combines it with two of the agents best known to have a calming effect on horses: thiamine and L-tryptophan.

CALMINGPRO Paste

Sizes Available	Servings
5 lbs	40
20 lbs	160
Paste	2

DIGESTIVEPRO Pellets

Use to support healthy gut balance.

DigestivePRO helps re-flourish bacteria to ensure healthy digestion. DigestivePRO is superior to other probiotics because it has a larger colony count per serving, microencapsulated bacteria for easier absorption, viable yeast cells and supplemental enzymes.

Consider using DigestivePRO for:

- Colic prevention
- After medications or deworming
- During travel & stressful situations

DIGESTIVEPRO Paste

Sizes Available	Servings

I am so excited to discover Horse Logic Professional's line of products. My horses look great & feel even better! It puts my mind at ease knowing that HLP manufacturers all their own products and that they work closely with Veterinarians and Equine Nutritionists for research and development. I never have to worry about over or under-supplementing my horses. One less concern to think about & now I can concentrate more training!"

Dehlia Sutton

DAILYPRO Pellets

Use to maintain superior health and condition in horses of all ages.

A concentrated vitamin/mineral supplement for all classes of horses, designed to keep horses in TOP condition. Quite possibly the world's best daily equine vitamin and mineral supplement.

15 lbs	60

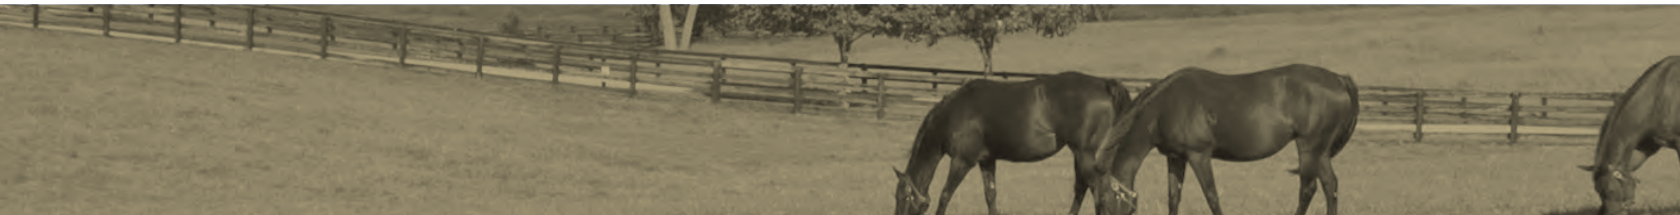

GROWPRO Granules

Use in growing horses for better skeletal development and in horses of all ages to maintain strong bone structure.

GrowPRO utilizes monosodium phosphate along with proteinated trace minerals to assure that all of the product is put to use. That means your horse always gets all the vitamin A, phosphorus, calcium and trace minerals necessary for strong skeletal development.

Sizes Available	Servings
5 lbs	160
50 lbs	1600

HEMPPRO Pellets

Equine wellness broad spectrum hemp cannabinoids provide support for occasional nervousness, joint discomfort and a healthy inflammatory response.

Horse Logic Professional's HempPRO Pellets utilize broad spectrum hemp containing phytocannabinoids like CBD to support your horse's overall health and well-being. With a guaranteed Hemp Extract content of 0.3% (50-60mg per serving), HempPRO Pellets provide effective support for equine joint health, while also supporting a healthy inflammatory response and aiding in the reduction of joint discomfort. This organically-grown hemp also promotes relaxation and mental alertness without drowsiness, allowing your horse to concentrate and focus on training. Organically-Grown and Non-GMO, HempPRO Pellets are sourced and manufactured in Colorado. Each batch is independently tested by a third-party accredited laboratory for indicators of quality and safety – Phytocannabinoid Potency, ZERO Microcontaminants, ZERO Residual Solvents. Horse Logic Professional's manufacturing facility is NASC (National Animal Supplement Council) audited and approved.

Sizes Available	Servings

What our Customers Have to Say.

High Impact keeps my performance horses healthy, strong and looking good through the stress of training and showing. I saw an obvious difference within 90 days of starting on it, and Horse Logic Professional continues to help them maintain optimum energy and endurance without making them hot.”

— Lance Shockley, TBR Ranch

I love Horse Logic Professional! Not only do you see great results, but you see them fast.”

— Abby Mixon

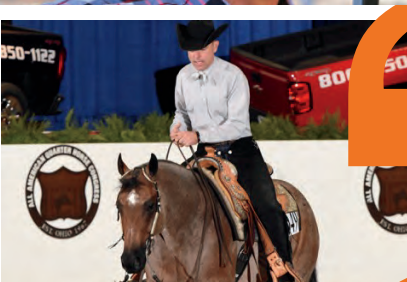

Horse Logic Professional products sure help keep my horses healthy. I started using products from John Ewing Company a few years ago because of the quality and variety. Thanks John Ewing Company! I have one less worry; my horse's health.

— Sabra O'Quinn

With professional quality products and superior customer service, Horse Logic Professional adds incredible value to my training program. My horses always eat the product, and I know that they are benefitting from it, as evidenced by amazing results in our training program and the show arena.”

— Jeff Burley, Peak Performance Horses

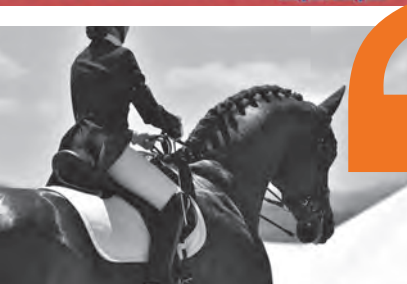

I've never seen a supplement that so dramatically improves every aspect of a horse's life. Horse Logic Professional products make an indisputable difference in the way that our horses look, feel and perform.”

— Chad Evans, Evans Performance Horses

I am a huge fan of Horse Logic Professional and their products. Most of our horses are on Professional's Edge™. The horses love it and I know they are getting what they need. It is also very convenient to take to shows, not to mention there is very little waste from the packaging compared to other brands. This is a great product with great customer service behind it. I would encourage anyone to give it a try!”

— Kelly McDowall, McDowall Quarter Horses

I find Horse Logic Professional products produce positive results in a short period of time and my horses love them! I am most impressed with the many years of scientific research that goes into each high-quality product.”

— Gigi Brittain
